

PRESS RELEASE

EU SUSTAINABLE ENERGY WEEK 2018 CELEBRAITION IN TELAVI

EU Sustainable Energy Week 2018 is the annual flagship event uniting policy makers, authorities, industry, stakeholders, NGOs, researchers and academia in the European sustainable energy sector. EUSEW debates energy policy, creates networking opportunities and spreads the word about the latest developments on the sustainable energy market and in research. The theme of this year's EU Sustainable Energy Week (EUSEW) is **'lead the clean energy transition'**.

Throughout month of June the Georgian Covenant of Mayors signatories have been joining the EUSEW 2018 by organizing Sustainable Energy Days in their cities including various interactive events with broad involvement of citizens, both youth and adults.

This year's SED in Telavi will take place on June 29,2018 (13:00-15:00) and itsevents will include the marathon with the participation of adults and youth from various public schools and sports' clubs, street drawing performed by art school pupils, street concert and meeting with famous documentary film maker Toma Chagelishvili - viewing and discussion of short documentary film from a series "Energy Efficient Principles in Traditional Georgian Architecture".

The invitees to the SED In Telavi are: Covenant of Mayors National Coordinators in Georgia, Covenant National Coordinators - representatives of Ministry of Economy & Sustainable Development and Ministry of Environment Protection and Agriculture,representatives of EU Delegation to Georgia, "Covenant of Mayors-East" program, Covenant Territorial Coordinator-Administration of the State Representative - Governor in Kakheti, representatives of Kakheti regional development Agency , Covenant of Mayors signatory municipalities.

This year's EUSEW-SED events in Telavi are organized jointly by Telavi Municipality City Hall and Energy Efficiency Centre Georgia within the framework of "Biomass Energy and Energy Efficient Technologies as Sustainable Energy Solutions for Georgian CoM signatories" project.

The project is financially supported by the EU and the Telavi Municipality City Hall within the framework of the Covenant of Mayors Demonstration Projects (CoMDeP) and implemented by Energy Efficiency Center Georgia.

The EU4Energy Initiative covers all EU support to improve energy supply, security and connectivity, as well as to promote energy efficiency and the use of renewables in the Eastern Partner countries Armenia, Azerbaijan, Belarus, Georgia, Moldova and Ukraine. It does this by financing projects and programmes that help to reform energy markets and to reduce national energy dependence and consumption. Over the longer term, this makes energy supply more reliable, transparent and affordable, thus reducing energy poverty and energy bills for both citizens and the private sector.
